We need more residences, good ones to rent. Many a good citizen is lost to this town just for this reason. Let our capitalist put a little money in good houses.

The K. P.'s have decided that they have best picnic ground for the year. Next Wednesday night is the time, 7 o'clock the hour, and Fisher's Hall the place. The strawberries will be the finest and the cream, Kline's best, so come out everybody and spend an enjoyable evening. A splendid band of music will be in attendance.

Fresh vegetables received daily—Sulzer's.

Mr. Hunsecker will be here every Friday of each week to accommodate people who need a comfortable suit of clothes. There are no dandies in this town, thank you, Mr. Englehardt.

Prof. Powell, of Hawenville, came up Sunday and delivered two very interesting discourses in the Baptist church, Prof. Powell is principal of the Hawenville High school.

The fishing in Clover Creek for the past week has been very fine. Mr. Hambleton wears the horns so far, in the size of fish caught, having successfully angled two handles in each, measuring each six inches in length.

Henry Monroe is now making regular trips with his wagon to this city from Hardinsburg, every other day. Any one having small packages or parcels to send either from here, or Hardinsburg can have them promptly delivered.

Every merchant and business man in this town begin now to appreciate the value of our machine shops and brick plant. Seven or eight hundred men per week are employed for labor makes a big money in trade. The beauty about it is, it is all cash.

Mr. Leo Culkin, the popular express messenger on the "Texas" was married last week to Miss May Brown, a very attractive young lady of Owensboro. They will make their future home in Louisville.

The band was out Saturday night and gave us an excellent concert. It had a large and appreciative audience. The boys are much better every week. They are excellent soldiers in Prof. Cox, who is bringing them out in fine style.

This will be a gala week in Louisville. The special attractions are the May Festival, the Democratic Convention, and the Spring Races. The "Texas" offers special inducements over their road to all who wish to attend in the way of fare for the round trip.

A petition to the post-office department protesting against the discontinuance of the mail route from Louisville to Frankfort is being signed by all. What I offer is discontinuing the service is not known, unless it is to cut off a few people out there from a daily service, which they are justly entitled to.

The regular annual meeting of the stockholders of the Breckenridge Bank, was held in the office of the bank last Saturday. The old board of directors were re-elected. The directors re-elected their old officers. The directors ordered the bank president to paper and paint in the office.

Mr. Sam Sulzer, the merchant prince, is determined to keep pace with the times, and make his establishment in this city equal to the demands of Cloverport's growing trade and population. He is turning what was once a barn of a house, into a regular trade palace.

The News commends Mr. Sulzer's efforts in this direction to do his part in the welfare of the city. Get out of old rags and houses and keep pace with the times.

Logan Fate, Deputy U. S. Marshal and Chris Ahi, captured Joe Buck Patterson, a notorious outlaw, who has been evading the officers and been in hiding in the upper part of this county for several months. He was wanted at Fortsville, where he had been selling whisky with the Indians. It has been discovered up all the streams of Kentucky county as well as the sheriff of Ohio, and has been rather pressed against being captured, until Logan Fate and Chris Ahi ran him up. He is now safe in the Daviess county jail, where he will remain until the next session of the Federal court there.

Mr. John T. Ditto has accepted a position with the well known house of Sween, Albram & Co., Louisville, and will be on the road in a short time with a splendid team of drivers. Mr. Ditto will represent one of the best bus' houses in Louisville and with his push and energy we bespeak for him and his house a full share of the trade.

The merchants who read this notice and hay wags will confer quite a favor on the News, and likewise Mr. Ditto if they will reserve him a small introductory order. Give the word to every other young man who starts out to make an honest living.

At the Brick Plant.

The big engine and boiler arrived last week and are now being placed in position.

Two of the kilns will be completed this week, that is, the brick work.

The gas well is down 300 feet.

A neat office has been erected, apart from the brick buildings for the use of the office of Oldham & Co.

The engine is a one hundred horse power machine and is one of the largest and finest in the country. Mr. Geo. Harris will be the engineer.

The buildings and kilns with their big smoke stacks will make a big showing for that end of the town.

Mr. Morgan, the superintendent of the works, has promised to furnish the News at an early date, a paper on the process of manufacturing vitrified brick, which will be of much interest to our people.

The company has already made an offer of \$2,000,000.00 stock for the city of Evansville, Ind.

They prefer to wait and test their machinery before contracting. There will be no trouble along this line. They will have a contract for every brick they make.

Two car loads of machinery arrived yesterday.

A vein of genuine Tennessee marble has been discovered in the hill side just west of town.

President J. E. McCracken and Mr. C. E. Applegate, a Director, Louisville, were down yesterday viewing the plant.

De Wit's Little Edy Risers never gripe or cause nausea. Best and sure, assist rather than force. Best little pill for stiff headache, chronic constipation, dyspepsia. Sold by G. W. Short.

Louisville Ky., Amphitheatre Auditorium The Duff Opera Company Engagement. Marie Tempest. Date, May 20, 21, 22, 23.

To keep up with the May festivity in Louisville, the management of the Auditorium announces the appearance of Marie Tempest and the J. C. Duff big Opera Company, May 20, 21, 22, 23, in a carefully selected repertoire Red Hussar, Bohemian Girl, Carmen and Dorothy.

"Dorothy" as produced by the Duff organization is a picture of beauty and grace, but has not universal success. Every one is familiar with the delightful little romance that is embodied in this opera.

Squire Bantam with his pet scheme, the marriage of his daughter, is a well known friend; the gay, rollicking Geoffrey Whilber and his scarcely less joyful friend, Sherwood; the shy old bairn of the Duff household, and the young, vivacious Lydia, the buxom Mrs. Privett. But these are not all in the present Dorothy. Louisville has yet to see "Dorothy" in the flesh, and Marie Tempest and Dorothy she is one heart.

She is a picture of beauty and youth, with the "Red Hussar" has generally been regarded as Miss Tempest's forte, and undoubtedly much of the success which has attended that production has been due to her individuality, but those who have seen "Dorothy" with and without her, are convinced that this opera is equally well suited to her person, and that she is a "natural" without fail.

The characters which she assumes in "Dorothy" are both creations of her own, and at the same time both are opposite to that of the "Red Hussar," a distinctly masculine character and yet portrayed in such a marvelous manner that the sex of the artist is not for a moment forgotten.

The orchestra of the company, Mr. Clark, Danforth is the principal of a corps of great purity and strength. Mr. McLaughlin has only to be heard to become a great favorite. In fact the entire company is such that will create a most favorable impression, as the Duff always brings a big company. The chorus will number at least 70 artists, while the orchestra will have twenty musicians from the best of New York.

Those desiring seats for the engagement at the Auditorium should write Mr. James B. Camp, Business Manager, P. O. Box 63, Louisville, who will see that all orders are promptly and carefully filled. Prices \$1, 75, 50, cents, according to location. All lines of transportation entering Louisville will charge reduced rates of one-half fare.

Brother T. S. Frymire in Trouble.
TRENTON, KY., May 2nd 1861.—EDITOR BRECKENRIDGE NEWS. Please allow me space to make a correction. Why it is that Brother T. S. Hasty, one of the County Assembly, persists in suppressing and misrepresenting the proceedings of the Assembly is unaccountable, at least to me.

At the last County Assembly held at Stephenson's, resolutions were passed by a majority vote, directing him to have the public read several resolutions and twenty-five cents voted out of the treasury and handed him to pay postage on same.

To assist him in getting them off I wrote three or four copies, and signed them as president, and handed them to him to sign and forward. For some days he refused to send off any, but finally sent only what I had written and refused to sign. I told him that it was his duty which was clearly his duty to do. The result was, only the P. F. published the resolutions, with only my name signed as president, and a garbled and mistated version of resolutions was published in the Owensboro Journal. I also sent a copy to the Meade News, and signed the secretary's name to it, not thinking of his doing any harm to his party, for there was no reason for any.

It now seems from the worthy secretary's report as published in the BARKSDALE NEWS, that there has been a County Assembly held at Lodding, without any President, or vice-president, as the worthy Secretary's report contains the name only of a member, who I suppose, if he had any right to do so, did all.

For every man in that meeting known I was the legally elected president and did so act at that meeting until late in the evening when I vacated the chair, leaving the vice-president, brother Samuel Robertson, to take my place as president pro tem, which he did and continued to act me up to the close of the Assembly.

In our next meeting, at the same time, the other officers were elected, in a right and proper manner. It is plain that the others were elected, the last business transacted. If our worthy secretary had used the name of brother Samuel Robertson as president pro tem, it would have all right and proper, and I would never have said a word about it, but as it was the worthy Secretary ignored both the highest and lowest offices in the Assembly, it was my duty to make the proper correction, for the good of the order, and I was struggling to in worthy motives if I did not do so.

In the complaint of thousands suffering from Asthma, Consumption, Coughs etc. What is the best remedy? Is Arsenic English remedy? It is the best preparation known for all Lung troubles. Sold on a positive guarantee at 25c. and 50c. by G. W. Short, Cloverbpt. Ky., and Witt & Meador, Hardinsburg, Ky.

The employing printers all over the country are getting up petitions to Congress asking that the government be taken out of competition with their trade. At present the post-office department prints and delivers free of charge stamp envelopes at the actual cost of the material, thereby practically destroying the business in the hands of those who employ hundreds of thousands of men. It is hoped that Congress will heed these petitions and stop the unequal competition. The government has the same right to furnish the citizens with their mails or their salt at cost, as it has its stationery, and we hope that it goes in the wholesale furnishing business more.—Interior Journal.

Science cannot produce a superior remedy to "C.C.C. Certain Cough Cure." It is based on scientific principles, and if it does not give relief for Cough and Colds, your money will be refunded. Sold by J. W. Owen.

When the Democratic party went out of power they left a large surplus in the United States Treasury, but since the Republicans have been in and run a billion dollar Congress one term, there is no money left in the public funds.

Will the great herd of Uncle Sam's pensioners think twice before they wake up in the next morning and learn that the bank's busted.

Constipation, blood-poison, fever! Doctors' bills and funeral expenses cost two hundred dollars; Dr. W.'s Little Fairy Elixirs cost a quarter. Take your elixir. Sold by G. W. Short.

BRECKENRIDGE NEWS.

WEDNESDAY, MAY 13, 1861.

IT WAS ARSENIC

So Says Dr. Joseph Hopson About the Mysterious Poisoning.

Dr. Joseph Hopson, of St. Matthews, was in the city this morning. He attended ten of the persons affected at the fatal Snook-Herr wedding, and is, perhaps, the only physician in Louisville who is subject to any of the other physicians.

The doctor was called in to prescribe immediately for Mrs. Hite, Mrs. Gus Handin and daughter, Mrs. J. Herr and daughter, Robert Woodson, Robert Dosey, three young ladies at Mrs. Mississippian, Miss Readon and Mrs. Moorman. All are now able to be about with their families again. But Mrs. Hite still seems to have been affected in a different manner from the rest. She was paralyzed on one side and completely lost the power of speech, but she is getting better every day, and will eventually recover her voice.

To a Times reporter the Doctor said: "I have the highest opinion of the physician who treated Mrs. Hite, but I can not agree with him upon the cause. It was certainly not ptomaine nor mushrooms. I attended more patients than any other doctor, and it is my opinion that arsenic was placed in all of the food just before the guests sat down to the feast. I think it was a deliberate plan to murder the whole party. When I first saw the victim, she was affected with all the symptoms of arsenic poisoning. They were seized with vomiting, swelling of eyes and tongue, muscular soreness and general pains throughout the body."

"All of this is indicative of arsenic. Besides the skin has now begun to peal off their bodies, everything goes off showing the characteristic purple diagnosis. The reason I did not give my statement before was that I did not have time to do so. My patients were very sick and needed me, and I could not risk not into a scientific discussion of the cases until I had gotten them out of danger. I treated them all for arsenical poison, and they all got well, except Mrs. Hite. On the evening of her illness I attended her. In the next morning I gave her up to her family physician and he attended her.

"I do not believe there is anything at all in the mushroom or ptomaines theories, simply for the reason that some of my patients ate none of the salad, nor the ice-cream. Besides, when arsenic has been swallowed for two days, the body is unable to get rid of it, and then gradually disappears. They had every symptom of arsenical poisoning and the treatment for such seems to have cured them, while those treated for ptomaines and mushrooms did not fare so well."

I went to see them all at least twice a day and I did not rest until they were out of danger. There is one thing being learned from this case, however, and that is that you must not be afraid to speak up in print. Several traders in the public funds will be greatly hurt by the disclosure of Uncle Sam's pensioners which they have made.

It was commented upon at the time and no reason could be assigned for its peculiar taste. Had the victim been examined at the time it would have shown the presence of arsenic.—Louisville Times.

We Can And Do

Guaranteed Dr. Ayer's Blood Elixir, for it has been fully demonstrated to the people of this country that it is superior to all other preparations for blood diseases. It is a perfect cure for syphilis poisoning. Ulcers, Eruptions and Pimples. It purifies the whole system and thoroughly builds up the constitution. For Sale by G. W. Short, Cloverbpt. The employing printers all over the country are getting up petitions to Congress asking that the government be taken out of competition with their trade. At present the post-office department prints and delivers free of charge stamp envelopes at the actual cost of the material, thereby practically destroying the business in the hands of those who employ hundreds of thousands of men. It is hoped that Congress will heed these petitions and stop the unequal competition. The government has the same right to furnish the citizens with their mails or their salt at cost, as it has its stationery, and we hope that it goes in the wholesale furnishing business more.—Interior Journal.

Science cannot produce a superior remedy to "C.C.C. Certain Cough Cure." It is based on scientific principles, and if it does not give relief for Cough and Colds, your money will be refunded. Sold by J. W. Owen.

When the Democratic party went out of power they left a large surplus in the United States Treasury, but since the Republicans have been in and run a billion dollar Congress one term, there is no money left in the public funds.

Will the great herd of Uncle Sam's pensioners think twice before they wake up in the next morning and learn that the bank's busted.

Constipation, blood-poison, fever! Doctors' bills and funeral expenses cost two hundred dollars; Dr. W.'s Little Fairy Elixirs cost a quarter. Take your elixir. Sold by G. W. Short.

EX.—A Treasurer Spinner seems to have been very proud of that wonderful signature of his. His will directs that a safe similar to it be cut on his tombstone, so that everyone will ever be able to tell who the hyenglyphics stand for.—Interior Journal.

Catarrh, neuralgia, rheumatism and most diseases originate from impure blood. Cleanse it, purify it with Dr. Witt's Samaparilla and health is restored, strength regained. Sold by G. W. Short.
